

To begin classes with
SCOTCH PINES DOG TRAINING
Specializing in Off-Leash Obedience

Welcome!

*You are making a fantastic
investment in your pet!*

Who:

You and your dog
(family may come as spectators)

Why:

Because you love your dog
and you both need some training!

Things to bring:

- 🐾 You will need a leash for your dog until we get to the off-leash portion of the course. All other tools and equipment will be provided during the class when needed. Great quality leather leashes will be available for \$30 at any time during the course.
- 🐾 Water for you and your dog.
- 🐾 The best shoes you have for traction and comfort (preferably not open toed, to reduce the chance of injuries.)
- 🐾 Bags for picking up after your dog. (We want to be welcome at the park!)
- 🐾 It is a good idea to burn off some of your dog's energy, just to make them easier to handle for the first class.

Possible Problems:

Since this is the first class, be very aware of other dogs. Some dogs may be aggressive. Keep a safe distance from other dogs and be aware of your dog's attitude. Small dogs should be held close in your arms or on your lap.

If your dog is in heat, please don't bring her to the first class, but after that, do bring her. Our dogs must learn to obey no matter what the distractions.

Be prepared to enjoy this class with your best friend!
